TAN

Le Chat is excited to announce Adina Tan.

Embrace organic, chemical free cosmetic alternatives. A sensuous, sun-kissed complexion is the most sought after fashion accessory and with the dangers of sun exposure today, a faux tan is the only way to go. In a time where our skin is exposed to an ever increasing number of harmful chemicals, it's a relief to know that our spray tan solution is made from 100% all natural ingredients. Free from Sulphates and Parabens, our exclusively developed formulation creates a natural looking tan that will last. Centalla - a skin firming property, acts as a hydrating treatment.

Available in 1 litre:

Medium Code: **AT002**

Dark (rapid) Code: **AT001**

Samples available.

For the most flawless tan ever

- Thoroughly exfoliate the night before.
- Any hair removal to be done 24 hours prior.
- Shower just prior to your session if possible.
- Wear no moisturiser or deodorant to your session, and wear dark, loose fitting clothing afterwards.
- Do not shower or exercise until 8-10 hours after your tan
- Avoid anything which may exfoliate your skin such as long, hot baths, exposure to chlorinated water, or exfoliating gloves or sponges.
- Moisturise, moisturise, moisturise for maximum colour retention.
